

The regional FM station K-LOVE serves me personally and serves the Christian community as a whole. This station inspires and uplifts us and informs us on a daily basis. I even support this station through monthly donations. Do not do away with this vital service. If an LPFM station were to replace K-LOVE programming then there would be a great void for the many of us that have come to depend on the spiritual inspiration that K-LOVE delivers to us. It is in the public interest to maintain this station and allow it to spread the gospel of Christ to the young and old through the music and outreach that they provide to those who wish to call their toll free number. The music is modern Christian music which is definitely attractive to the younger audience and will open them up to the message being delivered and showing them another way in life. I ask you, and I know I speak for many others, to maintain this station thus maintaining a vital service to our community.
